1201

PRIME GUARD 1201 is a nominal 1/32", 100% solids, milled strand fiberglass-reinforced wall coating system designed for concrete, block, gypsum wall board, and many other standard building materials. The milled strands provide reinforcing strength while also providing a smooth easy to clean coating finish.

COMMON APPLICATIONS

Wall and ceiling areas where a high level of durability is required and where constant water or wash down procedures are occurring. Specific applications include, but are not limited to: showers, locker rooms, animal holding and research, laboratories, chemical processing, food and beverage processing areas, hallways and corridors, cage wash areas, vivariums, and clean rooms.
