4610

PRIME FLEX 4610 is a state of the art sports surface designed to provide a higher level of safety than was previously available on sports surfaces. By absorbing impact and evenly distributing force the 4610 provides unmatched protection and safety.

COMMON APPLICATIONS

4610 is typically installed over clean prepared concrete where impact absorbent surface is desired. It may be installed as a concrete restoration topping over damaged concrete. Specific applications include, but are not limited to: Health and Fitness clubs, Educational recreation areas, Correctional Facilities and Rehabilitation centers
